My room mate got a few samples of this product and I tried it. Though my hair is too thin and curly to use the conditioner, the treatment worked very well for me instead. I used a very small amount. The samples were, I assume, a one time application, but there was enough in it to shampoo and treat my hair twice. I LOVE this product so much, I went to great lengths to find it! Yes, I paid \$50.00 for both the shampoo and treatment but I think it's worth it. I have thin, frizzy, very curly hair that has been colored and this is by far the best product I have ever used (and I have tried alot). For the first time in a long time I can say my hair feels like hair, not rabbit fur nor a horses tail. My hair is long too, down the middle of my back. I have never tried it without the treatment. I am very happy with this product. Two of my sisters are beauticians and I did not consult either, I know when my hair feels healthy and when it does not. I have already gotten alot of compliments too. Thank
